

Important Message To All Visitors

I wrote, Another Side of the Coin, and had this website created because I wanted to use both tools to spark the Body of Christ to think. I do not want to see the Church continue to be divided and fight among itself, like a bunch of immature babies.

My mission is not to “convert” the Heresy Hunter’s, but to openly show the heart of the teachers of the Word of Faith. I know that the majority of the Heresy Hunter’s are sincere in their defense of what they view as “traditional Orthodoxy”, and that they love God (with all their hearts). I know these people are born-again, and will go to heaven when they die. However, one can be sincere and still be sincerely wrong in their premises and conclusions.

Jesus, when He was on the earth, did not make His mission to attack, criticize and assassinate the character of others. He came to speak the Truth...in love. I am totally sure that Jesus would not approve of people writing ugly books/websites condemning others, who profess Jesus as Lord and Savior, calling them cultic and heretics. The Bible clearly says, “If you’re for Me, you’re not against Me.” I am not condemning the Heresy Hunter’s either. I just want to lay out the truth of the matter and allow believer’s, with open minds, to decided for themselves.

When I began writing, Another Side of the Coin, I contacted many, many ministries to request permission to quote from their books, tapes, and videos. The majority of them were willing to allow me to quote them. But, when I contacted Kenyon’s Gospel Publishing, I received an e-mail from Pastor Joe McIntyre, author of E.W. Kenyon and His Message of Faith the True Story. He asked me to call him because he was interested in what I was writing.

This man has the heart of one who seeks restoration in the Church. He was very encouraging. I highly recommend that you purchase his book, especially if you are interested in the true story of how the Faith Message began. In his book he points out the misconceptions that have arisen about the roots of the message of faith.

I believe it is time for the Church to examine both sides of this debate with open minds. It’s time to stop allowing others to think for us and tell us what is “true” orthodoxy. The message of faith is shown again and again throughout the Old and New Testaments. It’s right there in black and white for all to see.

But, we won’t truly see if we are looking through the eyes of so-called traditional orthodox thinking. I prefer to go to the Bible instead of applying man-made systematic theology (study of God) principles to understand the Word of God. God has made His Word so deep that one can "swim" for eternity and still not cover it all, and so shallow that a child can "swim" in it and not be overwhelmed. It's not rocket science Church...It's time to stop allowing others to tell us what He said and go to His Word and ask Him for ourselves.

Be a blessing to someone today,
Gregg N. Huestis
